

DeLorme Publishing, Inc.
Two DeLorme Drive
Yarmouth, ME 04096

Product Change Notification

PCN Number: DEL20111201

Issue Date: December 1, 2011

Change Type: Product Discontinuance/Obsolescence

Last Time Buy Date: February 29, 2012 (Subject to availability of inventory)

Product ID (Description): GPS2058-10 (DeLorme part number GM-205810-000)

Description of Change:

DeLorme Publishing has made a strategic decision to exit the OEM GPS Module Business and is therefore announcing the obsolescence of the GPS Module product line. We currently have no capability to manufacture any additional module inventory; therefore availability of product is limited to the inventory in stock at DeLorme and currently stocked at distributors.

We will continue to accept orders for GPS modules until February 29, 2012, or until the inventory have been sold. Customers are encouraged to procure enough stock to support their short term production requirements until they can secure a new source for their GPS receiver module from another supplier.
