# Earthmate<sup>®</sup> GPS LT-40 PLUS

Includes Street Atlas USA<sup>®</sup> 2009 PLUS

## Turn Your Laptop PC or UMPC into a GPS Business Navigator

Experience the power of business mapping and voice-guided GPS at an unbeatable price. Just plug the Earthmate GPS LT-40 into the USB port of your laptop PC or UMPC, and secure the receiver on your vehicle's dash. Use the included Street Atlas USA PLUS DVD software to plan sales and delivery routes, locate prospects, and import aerial imagery you can use in your routes and GPS tracking.

- NEW! Hundreds of thousands of new roads and updated road names
- NEW! Support for ultra-mobile personal computers (UMPCs)
- NEW! NavMode with optional 3-D perspective and larger, more accessible user controls

### Street Atlas USA 2009 PLUS DVD Software Included
