## ANNUAL SUBSCRIPTION

An amazing value! Get unlimited downloads of U.S. aerial imagery, USGS 7.5-min.topo quads, and NOAA nautical charts, for display on any Earthmate PN-Series GPS.

Subscription is valid for 12 months from time of activation, and all downloads are yours to keep. When layered with a PN-Series receiver's included topo maps (showing terrain, land cover, streets, roads, and places of interest) you have an unrivaled level of detail in the palm of your hand.

**PC users:** You can also view your downloads using DeLorme Topo USA and XMap software.

**Mac Users:** The Map Library and the PN-Series' topo map DVDs are Mac-compatible.

### Earthmate PN-Series accessories:

- **RAM Mounts** for vehicles, bicycles, and motorsports (motorcycles, ATVs, snowmobiles)
- **Carrying Case**, clips onto belt, waistband, or pack strap
- **12-Volt Car Power Cable** to power your PN-Series receiver in your vehicle

The Map Library supports Topo USA® 6.0 and later and XMap® 5.0 and later with this exception: NOAA charts - Topo USA 7.0 and later, and XMap 6.0 and later.
