- 1. Grant of Educational Use Rights.** Subject to compliance with all of the terms of this Educational Use License Agreement and with the terms of the Single-User License Agreement (except as modified by this license), and payment of all specified license fees, DeLorme grants to Licensee an institutional, nontransferable and nonexclusive right to use the software program, data and documentation that comprise XMap/GIS Editor (the "System") in a network configuration under the control of an identified network manager ("network use"), and, or on auxiliary portable computers for use solely with GPS receivers in the field ("field use"), such that no more than twenty-five (25) end-user workstations at one time, in the case of network use, or portable computers, in the case of field use, may make use of the System unless and until the appropriate number of additional licenses are purchased from DeLorme. All end-user workstations or portable computers must be operated for the benefit of and under the control of Licensee's educational institution and be located within or based at the same classroom or building. Licensee may transfer use of the System from one end-user workstation to another or from one portable computer to another, provided that this is done no more than once every thirty (30) days. Licensee agrees that upon the request of DeLorme, which will not be made more frequently than once per year, it will certify that the number of end-user workstations making use of the System or the number of its portable computers making use of the System, whichever is greater, does not exceed the number of licenses that it has purchased.
- 2. Original License Restriction.** Except to the extent specifically modified by this Educational Use License Agreement, Licensee is subject to all restrictions and continues to have all rights provided by the Single-User License Agreement, which is incorporated by reference herein. All warranties and warranty disclaimers and limitations set forth in the Single-User License Agreement continue to apply to network and field use of the System.
- 3. Special Restrictions.** This license is issued for education and training purposes only. Revenue generation of any kind, and or the development of derivative software and data works are strictly forbidden.
- 4. Copy Limitations: Electronic and Storage Media.** DeLorme will furnish Licensee one copy of the System on CD-ROM with each network and field use license. Licensee may follow the instructions provided with the System documentation to copy the files required for operation of the System to the hard disk of a network file server or to the hard disk of each workstation licensed to use the System, as required by Licensee's network configuration, and to the hard disk of each portable computer licensed to use the System. Using the operating program, licensed end users may retrieve and display data on their screens and perform all functions described in the documentation, as allowed in the Single-User License Agreement, making such transitory copies of files and data as are normal to the operating program. Licensee may not reproduce any part of the System in any other way.

DELORME XMap 5.0 GIS Editor SINGLE-USER LICENSE AGREEMENT

This is an Agreement between you, the end user, and DeLorme. By using the XMap 5.0 GIS Editor software, data, and documentation (the "System"), you are agreeing to be bound by the terms of this Agreement.

Any term or condition of an approved purchase order that differs from or adds to the terms or conditions of this License Agreement, as well as any other modification or amendment to this Agreement, will not be effective unless expressly agreed to in writing by both parties.

LICENSE TERMS AND CONDITIONS

THE LICENSED SYSTEM

However, one of these two computers must be portable and the software may not be used simultaneously on both computers. Otherwise, once you have installed the System on one computer you may use the System on a second computer only if you delete the System from the first computer or purchase a separate license. Installation of any part of the System on a network is prohibited unless you have a separate network license. For information on network or multiple-user licensing, contact DeLorme at custom@delorme.com or 1-800-293-2389. You may use the System as instructed by the documentation to perform its designed functions only for the purposes authorized by this Agreement.

Paper Map Printout Rights. You may reproduce paper copies of any XMap 5.0 GIS Editor map printouts for personal or educational use or purposes provided that distribution and use of such printouts and copies of printouts is limited to the location where the System is installed or limited to use by employees based at that location.

Paper Report Distribution Rights. You may reproduce for distribution to colleagues up to one thousand (1,000) paper copies of any XMap 5.0 GIS Editor map printouts for use in paper reports such as appraisals or environmental studies, provided that no such report includes more than fifty (50) different XMap 5.0 GIS Editor maps and that the distribution does not constitute a general and unrestricted publication for sale or resale or contain paid advertising.

Periodical Illustrations. You may reproduce paper copies of any XMap 5.0 GIS Editor map printouts as illustrations to articles in printed paper periodical works, such as magazines, newspapers and newsletters, provided that the publication is not primarily a collection of maps, and provided that a proper legend, as described below, accompanies the output. Such articles may also be posted on your Web site. Graphic printers hired by licensee to print DeLorme map images are required to purchase a license.

Special Presentation Rights. You may use paper copies of XMap 5.0 GIS Editor map displays and printouts in presentations to live audiences only with prior written permission from DeLorme.

Web Site Map Display Rights. You may display on your personal, or institutional static Web site map images derived from the System, provided that you include the Legend indicated below and that you provide a link to the DeLorme Web site at www.delorme.com from any page featuring a DeLorme map image. If you subcontract a Web developer to display map images said Web developer must purchase a license.

Legend. Any System output that is provided to a third party must include the following credit and copyright notice: "© 2003 DeLorme (www.delorme.com) XMap®. You may not remove, alter, or conceal any copyright or trademark notices appearing on any System output, except that when creating a mural map you need only retain a single legend with scale, for use in the field.

Phone Database. You may use the phone database available separately from DeLorme, subject to its Data License Agreement. Use with Auto Dialer applications is prohibited. Export of phone data is limited to one thousand (1,000) records at any one time. You must honor the solicitation preferences indicated and not solicit, directly or indirectly, any party who has requested non-solicitation.

Copy Services. You may use a commercial copy service to reproduce paper copies that are authorized by this Agreement.

Commercial use of NetLink data is prohibited. TopoBird® data use is limited to recreational or personal use only. See DeLorme's Web site for the TopoBird® derivative data use license agreement.

You understand and agree that the trademarks, trade names, service marks, copyrights, and other proprietary rights of DeLorme are and shall remain the sole and exclusive property of DeLorme, and that you will not hold yourself out as having any ownership rights thereto. You further agree that you will make no use of such rights except as provided in this Agreement.

PROHIBITIONS ON USE

No Resale or Distribution. Except as expressly permitted in this Agreement, you do not have the right to sell, or to reproduce or distribute for sale, any part of the System or output of the System alone or in combination with any other text, data, software, or graphic matter.

No Interactive Use. You do not have the right to combine the System interactively with the operation of other software unless licensed to do so by DeLorme.

If a defect in the media appears during the Warranty Period, return all materials to DeLorme for replacement or, at DeLorme's option, a refund of the license fee.

Disclaimer of Warranty. DeLorme does not warrant the completeness or accuracy of the System, or that its use will meet your needs or be uninterrupted or error-free. TO THE MAXIMUM EXTENT PERMITTED BY LAW, EXCEPT FOR THE WARRANTIES SET FORTH ABOVE, THE SYSTEM IS LICENSED "AS IS" AND DELORME DISCLAIMS ANY AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

No Consequential Damages. IN NO EVENT SHALL DELORME BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES INCLUDING, BUT NOT LIMITED TO, LOSS OF REVENUES OR PROFITS EVEN IF DELORME HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
